

Welcome to OAK CLASS!

We are so excited to share our new Oak Class environment with you! It has been carefully designed to inspire curiosity, independence and creativity in our Reception children.

A Connection to Nature

Natural materials, plants and our outdoor areas help children to connect with the world around them, supporting well-being and inspiring respect for nature.

A Warm & Welcoming Environment

The calming, homely space helps children feel safe, secure and ready to learn. A sense of belonging builds confidence and supports emotional well-being.

Supporting children to *Play*, *Explore* and *Actively Learn*.

Creativity & Expression

Thoughtfully chosen resources and creative areas allow children to express themselves freely, experiment with ideas and develop a love of learning.

Inspiring Exploration

A rich variety of open-ended resources and hands-on experiences encourage children to explore, investigate and develop their own ideas and understanding.
